

PLATIN

ALLOY WHEELS AND TYRES 2013

*Successful in the market
for more than 25 years*

PLATiN

A passion for innovation

Alloy wheels, tyres and mounted wheels

*Discover the complete range
of PLATIN wheels and tyres*

Visit us at www.platin-wheels.com or use our PLATIN Web App for mobile devices.

*Individually combine your desired PLATIN mounted wheel for your vehicle at
www.platin-raederkonfigurator.de. Here you can find all the permissible wheel-tyre
combinations together with ABE (General operating permit) and TÜV certification.*

It's the details
that make a tyre
into a Diamant.

PLATIN RP 410 Diamant

The new PLATIN Diamant summer tyres have arrived.

PLATiN
★ ★ ★ TYRES

PLATIN RP 310 Diamant

PLATIN RP 210 Diamant

Designed in Germany – Made in Europe
Experience the comprehensive PLATIN range on www.platin-tyres.com

RP 210 Diamant

- The economic tyre for small cars
- Reduced aquaplaning risk and high level of safety on wet roads
- Optimized tread mix for high mileage and marked fuel savings
- More riding comfort with a low level of noise

Available in 10 sizes, 13-14 inch

RP 310 Diamant

- Asymmetric profile for safe driving behaviour and good stability when cornering
- Superlative aquaplaning properties thanks to 3 broad circumferential grooves
- Excellent dry handling and the vehicle is always well under control
- Reduced braking distances on wet roads
- Improved rolling resistance for better economy

Available in 13 sizes, 14-15 inch

RP 510 Van

- Optimized aquaplaning safety
- Reduced braking distance on wet roads
- Safe handling
- Very good braking performance
- High performance in the dry
- Increased comfort and low level of noise
- High economy through a longer life

RP 600 Winter

- More security on ice and snow
- Excellent handling on snow
- Excellent protection against aquaplaning and predictable braking in the wet
- Design optimized to reduce noise
- High potential mileage and long life
- Low rolling resistance

PLATIN

Wheel configurator

The wheel configurator is your comprehensive research tool to select the right wheels and tyres for any vehicle. Display all the available wheels with the matching certification or ABE (General operating permit) for your vehicle and see all the important data on the products at a glance. In the PLATIN wheel configurator you have access to all the available wheel certification in the form of a PDF download.

We want you to be able to make the right decision quickly and without errors. The wheel configurator is updated daily and is constantly being further developed.
